PERMITTEE AGREES TO THE FOLLOWING TERMS:

- 1- Only a fire hydrant wrench shall be used to operate hydrant nut.
- 2- Discharge line attachment coupling shall be a Detroit Fire Department Thread.
- 3- Hydrant shall only be operated fully opened; flow control shall be accomplished by valve in the discharge line.
- 4- Permittee shall install a back-flow prevention device or check valve in the discharge connection line if needed.
- 5- All DPW loaned equipment is to be returned in good condition; failure to do so will result in loss of the deposit.
- 6- A meter must be placed on any hydrant that has been issued a permit. A \$500.00 fine if meter is not used.
- 7- The City of Auburn Hills has the exclusive right to determine which hydrants may be rented.
