Thank you for inquiring about the City of Auburn Hills CDBG Minor Home and Mobile Home Repair Grant Programs. Enclosed is an application for you to complete.

No repairs are allowed for homes currently for sale, in foreclosure or for repairs to improve home for sale. Approved repairs will be based on greatest need as determined by the program administrator. There is a \$5,000.00 lifetime cap per residence. This amount is effective 1/29/14 and subject to change without notice depending on availability of funds.

Remember to enclose the requested documentation with your completed application. Failure to enclose all requested documentation will result in delay of application processing.

Once your application and documentation have been received by this office, and reviewed you will notified of eligibility. In addition, a program administrator will visit your home to review your service needs.

If you are determined to be eligible, you then will be instructed to obtain three job quotes and submit those quotes to the office. **Do not secure and submit price quotes prior to approval as those quotes are void.**

If you have any questions regarding the application call (248) 370-9353 or email kadcock@auburnhills.org.

Thank you.
