

PRESS RELEASE

Snow Emergency Expires

Effectively immediately the Snow Emergency and parking ban has been lift within the City of Auburn Hills. The Department of Public Works has done an outstanding job of clearing all major roads and residential streets. We truly appreciate the public's cooperation during this Snow Emergency and thank everyone for moving their vehicles out of the street.

Please take the time to check on your neighbors and especially those who are elderly in your neighborhood during these days of sub-zero temperatures. We can be contacted at 248-370-9444 for any assistance.
