The Auburn Hills Police Department is requesting the public's assistance in identifying the suspect(s) responsible for damaging vehicle windows with a BB/Pellet Gun or other unknown projectile. There is no evidence that a firearm was used in any of these incidents. From Friday (2/7/14) evening to Sunday (2/9/14) evening (6) vehicles had a window damaged in and around Auburn Hills. The Auburn Hills Police have had four other similar incidents occur from 1/5/14 to 1/23/14. In all of these cases there has been *no* evidence that the projectile which caused the damage came from a firearm. Several of the occupants reported driving down the road and their window just shattering or breaking. In one case a passenger reported a minor cut on an arm from shattered glass but otherwise there have been no other injuries.
